ABOUT US

The kitchen is the heart of any home; a place where we prepare food, entertain and interact with family and friends. At Zomodo, we understand the importance of the kitchen in every home, and passionately believe that it should both be beautifully designed and supremely functional.

With these guidelines, Zomodo designs, develops, and manufactures products which allow you to create the kitchen you truly desire. An unwavering dedication to the highest quality materials and standards ensures your kitchen will be a pleasure to use and also extremely durable.

Zomodo creates products by combining imagination and engineering; established in 2006 with a primary mission to develop innovative kitchen products. Our creative and dedicated team ensures that our clients receive both outstanding products and exceptional service.

Zomodo continuously seeks new engineering and manufacturing methods to produce products that we are proud of. Great design is our passion, and technology is our foundation.

PRODUCT CERTIFICATION

All Zomodo sinks/drain kits sold in Canada are cUPC or CSA approved.

All Zomodo sinks are tested and exceed the requirements of CSA standard ASME A112.19.3-2008/CSA B45.4-08 – Stainless steel plumbing fixtures.

All Zomodo faucets are fully tested and all components including the cartridge, aerator, hoses, and valves are cUPC (CSA B125.1) certified and NSF 61 certified.

Zomodo Canada’s manufacturing facility is an ISO 9001:2015 Certified Company.

SUSTAINABILITY

At Zomodo we are passionate about sustainable solutions and eco-friendly initiatives. It is important to us that we continually strive to improve the materials & processes we use, to keep decreasing our carbon footprint.

In this spirit we are pleased to announce our new Eco-Packaging. We have been developing and testing the Eco-Packaging for 12 months, to ensure we deliver the best packaging to our customers, which of course securely protects the sinks and uses mostly recyclable materials and as little polymers as possible.

- No more polystyrene on single boxed sinks!
- Non-biodegradable (takes over 500 years)
 - Difficult to recycle (can’t recyclable in household recycling bins)
 - Fills up waste landfills
 - Harsh chemicals to manufacture

Eco-Packaging contains only 10 grams of polymers. We included 4 hard plastic corners on the four top edge corners of the sink, to protect the edges bending if the carton is dropped during transport.

How do we seal the carton? For the majority of our boxes we don’t use plastic tape anymore; we use large metal staples to securely seal the cartons flaps.

We have completed extensive drop testing, using stainless steel sinks with the Eco-Packaging. With drop heights ranging from 1 metre to 2.4 metre off the ground, using random fall techniques and direct corner hits. The Eco-Packaging has been thoroughly tested and proved to be more protective than traditional polystyrene end caps.

STAINLESS STEEL

The Zomodo faucet range is exclusively crafted from solid 304 stainless steel. Stainless steel is 100% lead free and does not release nickel, allowing clean drinking water for your family. Stainless steel is 100% recyclable and a high percentage of it comes from recycled material. Stainless steel is a durable and long-lasting material. The non-porous surface is bacteria resistant making it a perfect choice for the kitchen or bathroom.

LEAD FREE

Zomodo faucets are tested and certified to be 100% lead-free. Other faucets produced from copper alloy (brass) material have been known to contain lead, which can be dangerous to your family's health. Health officials recommend that where possible, lead exposure should be reduced.

ENVIRONMENTALLY FRIENDLY

Combining the points above; stainless steel material, lead-free, cold start function and water efficiency, Zomodo taps are truly environmentally friendly!

CERTIFIED

All faucet components are certified to various international standards including Watermark & WELS (Australia & New Zealand), UPC (North America) and EN246 (Europe). Assembled using industry leading components; Sedal cartridges and Neoperl aerators, non-return valves and hoses. 100% tested for flow, mix and pressure.

COLD START

The standard position of the Zomodo faucet handle (with the lever facing upward) is set to cold water only, ensuring that hot water is not activated unless desired. In contrast, traditional faucets often deliver warm water immediately, drawing energy from your hot water system. By choosing our Cold Start faucets, you can reduce energy consumption and lower your utility bills.

WATER EFFICIENT

Low-flow taps work by mixing air into the water-flow. This gives the feel and impression of full water-flow even though the water volume is reduced. Save money on your water bill and help reduce water wastage!

Zomodo's *Orizuro* Faucet designs are inspired by the traditional Japanese artform of Origami. The paper crane, or Orizuru (ori- "folded," tsuru "crane") is the most classic of all origami. A unique & modern design that will stand out.

the home of
PearlArc®

Zomodo's exclusive PearlArc® Collection of sinkware, faucets, showers & accessories utilises the latest 3-stage cathodic arc surface treatment technology. PearlArc® is an exclusive & TradeMarked process.

PearlArc® Technology:

Shot-Peen Surface Hardening

Shot peening the stainless steel surface creates a harder more durable surface, that is both scratch-resistant and impact-resistant. The mixed material micro-beads are fired into the stainless steel surface causing plastic deformation and hence compressive stress in the material.

Titanium Oxide Coating

Commonly referred to as PVD, Titanium Oxide Coating is a vapour deposition technique where solid titanium metal is vaporized in a high vacuum environment and deposited on to the sink surface as a pure metal coating. The process transfers the titanium at a molecule level providing an extremely hardwearing coloured layer.

Nano Resin Coating

Finally a nano-resin layer of hydrophobic active substance provides long lasting, ultra-thin protection and a durable easy to clean surface effect.

PLATINUM SONIX

PLATINUM

42

Zomodo's new Platinum surface treatment is our most scratch-resistant stainless steel yet. With a beautifully soft touch matte finish and modern bowl geometry, the Platinum sinks are sure to steal the show.

The Platinum Sonix range offers a new take on a stainless steel look, a truly unique silver-grey colour, finished with a nano-resin coating to ensure easy cleaning and maintenance.

PLATINUM SURFACE TECHNOLOGY

● ULTRA SHOT-PEEN

Ultra shot peening the stainless steel surface creates a harder more durable surface, giving the stainless steel a matte finish that is super scratch-resistant and impact-resistant.

The mixed material micro-beads are fired into the stainless steel surface causing plastic deformation and hence compressive stress in the material.

● SOFT RESIN COAT

A luxuriously soft nano-resin layer of hydrophobic active substance provides long lasting, ultra-thin protection against food acids and oils.

Similar to a non-stick pan coating, the nano-resin coating ensures easy cleaning and maintenance for your sink.

The **PARTY PANAMA** is the latest evolution of the Zomodo Panama Prep-Stations. The stainless-steel sink is thermally insulated and kitted with an ice bucket, a double bottle holder, and 2 Fibre-Rock® covers/boards, and is the perfect centrepiece for home cocktail parties. Extra bottle holders can be added to accommodate up to 6 bottles.

The Fibre-Rock® covers can double as stylish serving platters for those all-important cocktail hors d'oeuvres, and be used as cutting boards, which are knife-friendly, anti-bacterial and odour resistant. When not being used the ice bucket and bottle holders can be stored inside the sink and the sink covers fitted.

The **LUCIA** collection features mid-size tight radius (R15mm) bowls. With our state-of-the art deep-drawing capability, we are able to produce sink bowls with tight geometry normally associated with a hand-fabricated sink, but with no welding lines. Producing a beautiful smooth and ultra strong pressed bowl product. The Lucia series is made with high grade 18ga SUS304 stainless steel and has a smooth satin polish bowl and silk polished rim.

DNA

Fully Kitted

All Q sinks are fully kitted out with a number of stylish, versatile and supremely functional kitchen accessories, to give you the ultimate home chef experience.

Fibre-Rock®

Zomodo's unique midnight black Fibre-Rock® wood-fibre composite kitchen accessories, perfectly integrate & enhance the style and functionality of the Q sink collection.

16ga Stainless Steel

All Q sinkware is crafted from extra thick 16ga SUS 304 stainless steel for long-lasting durability.

Recessed Waste

Using a specially crafted tool, Q sinkware have a deeper recessed waste kit so the waste kit cover sits flush with the bottom of the sink bowl.

No Crease Lines

Unlike regular fabricated (hand-made) sinks with crease lines in the bottom of the bowl to create water fall towards the waste kit, our Q range has a specially formed sink bottom that allows fall without the lines, creating a smooth minimalist style.

INTEGRATO Q

Do you want a sink that is more than a sink? A unique focal point to your kitchen, that will turn you into a master chef? Introducing the Integrato Q, the ultimate at home chef's station. An innovative sink design with not one, but two accessory rails, which allow you to layer the vast range of accessories, in a functional way that enables you to prep, clean & chop with efficiency.

LIMITED LIFETIME WARRANTY

2025 WARRANTY INFORMATION

STAINLESS STEEL SINKS

ZOMODO Canada hereafter referred to as ZOMODO, warrants its stainless-steel sink basin(s) to be free of defects in material and workmanship during normal residential usage for as long as the original consumer owns their home. All other components such as waste kit assemblies including but not limited to: strainer cup(s), rubber gaskets, sound deadening pad(s), etc. carry ZOMODO's one (1) year limited warranty unless otherwise specified. Gloss reduction, scratching, staining and acid or alkaline etching of the finish over time due to use, cleaning practices or water or atmospheric conditions, are not manufacturing defects but are indicative of normal wear and tear. This warranty applies only to ZOMODO products purchased and installed in Canada.

ZOMODO will, at its election, repair, replace, or make appropriate adjustment where ZOMODO inspection discloses any such defects occurring in normal usage. Damage caused by accident, misuse, or abuse is not covered by this warranty. Improper care and cleaning will void the warranty. * Proof of purchase (original sales receipt) must be provided to ZOMODO with all warranty claims. ZOMODO is not responsible for removal, installation, labor charges, or other incidental or consequential costs. In no event shall the liability of ZOMODO exceed the purchase price of the product. All transportation costs to and from the point of purchase will be the responsibility of the purchaser. Any sink returned must be in the original packaging and include all the accompanying accessories, parts and documentation.

If this product is used commercially or used outside of Canada, ZOMODO warrants the product to be free from defects in material and workmanship for one (1) year from the date of purchase, with all other terms of this warranty applying except duration.

* Never use cleaners containing abrasive cleansers, ammonia, bleach, acids, waxes, alcohol, solvents not recommended for ZOMODO sinks. This will void the warranty. See product care recommendations at: WWW.ZOMODO.CA/PRODUCTCARE.

PEARLARC® PVD COLOURED STAINLESS STEEL SINKS

ZOMODO's standard stainless steel sink warranty (above) applies to the PearlArc Collection with the following exclusions: Dulling of the PearlArc colour polish or resin coating, scratching, staining and acid or alkaline etching of the finish over time due to use, hot food prep containers, utensils, pots/pans, etc., cleaning practices or prolonged hard water exposure are not manufacturing defects but are indicative of normal wear and tear.

ACCESSORIES

ZOMODO warrants its stainless-steel colanders and drainer trays to be free of defects in material and workmanship during normal residential usage for as long as the original consumer owns their home. All other accessories carry ZOMODO's one (1) year limited warranty unless otherwise specified. Gloss reduction, scratching, staining and acid or alkaline etching of the finish over time due to use, cleaning practices or water or atmospheric conditions, are not manufacturing defects but are indicative of normal wear and tear. This warranty applies only to ZOMODO products purchased and installed in Canada.

SOAP DISPENSERS

ZOMODO warrants its stainless steel soap dispensers' body and nozzle to be free of defects in material and workmanship during normal residential usage for as long as the original consumer owns their home. The plastic pump system and bottle are warrantied for a period of five (5) years or 30,000 cycles from the date of purchase. ZOMODO does not warranty against regular wear and tear, or misuse of the soap dispenser including scratching or chipping of the outer finish or dispensing of high viscous and non-soap liquids.

STAINLESS STEEL FAUCETS

ZOMODO warrants its faucets to be leak and drip free during normal residential usage for as long as the original consumer owns their home. If the faucet should leak or drip during normal usage, ZOMODO will, free of charge, mail the cartridge, washer, or hose necessary to put the faucet in working condition. This warranty applies only to ZOMODO faucets purchased and installed in Canada.

ZOMODO also warrants all other aspects of the faucet or accessories and finishes* to be free of defects during normal residential use for as long as the original consumer owns their home. ZOMODO will, at its election, repair, replace, or make appropriate adjustment where ZOMODO inspection discloses any such defect. Damage caused by accident, misuse, or abuse is not covered by this warranty. Improper care and cleaning will void the warranty**. Proof of purchase (original sales receipt) must be provided to ZOMODO with all warranty claims. ZOMODO is not responsible for removal, installation, labor charges, or other incidental or consequential costs. In no event shall the liability of ZOMODO exceed the purchase price of the faucet.

If the faucet is used in public space, for commercial, industrial, or institutional purposes, or is installed outside of Canada, ZOMODO warrants the faucet to be free from defects in material and workmanship for five (5) years from the date of purchase.

When used in a leased or rented residential single or multi-family unit, including duplexes, townhomes, condominiums, and apartments, ZOMODO warrants the faucet to be free from defects in material and workmanship for a period of ten (10) years to the original consumer who owns the property but does not live there. Excluded are installations in public, industrial, or for any business purpose, such as hospitality or healthcare, which would be considered commercial use, referenced above.

* ZOMODO warrants that brushed (BR) and polished stainless-steel finishes on ZOMODO faucets will be free of manufacturing defect for the lifetime of the faucet; and all other finishes on ZOMODO faucets will be free of manufacturing defect for five (5) years from the original date of purchase.

** Never use cleaners containing abrasive cleansers, ammonia, bleach, acids, waxes, alcohol, solvents not recommended for ZOMODO finishes. This will void the warranty. See product care recommendations at: WWW.ZOMODO.CA/PRODUCTCARE.
